Re: Free copy of credit report

To whom it may concern:

I recently received a letter dated 5/26/07 declining me for a Wells Fargo personal loan.

I understand that I have a right to obtain a copy of my credit report. I have enclosed a copy of the Wells Fargo letter that I received in the mail and have filled out the necessary paperwork. I have also included a copy of a bank statement and my Diver license.

Please review this information and feel free to contact me should you need any additional information. Thank you for your time and for providing me with the information requested.

Sincerely,

Helen Smith
